“ The memories I have are from many years ago while I was living in Atlanta. My friendship with Elizabeth started in college and continues to this day, so I have several fond memories of dinner parties and visits to the Veronneau home. He was a great Dad and you could tell he loved his daughters. My thoughts and prayers are with the entire family, but most especially with my dear friend, Elizabeth. It seems like yesterday when we were laughing and enjoying the company of your parents and all of our friends from school. Great memories that I will always cherish. Love you,
